PANINI DIGITAL STICKER ALBUM An album is a collection of audio recordings issued as a single item on CD, record, audio tape or another medium. Albums of recorded music were developed in the late 1940s and early 1950s, as a single medium for records. In the early 1970s, the recording industry added a marketing and promotional component to the single tradecraft. Over time, CD and digital downloads have supplanted the vinyl and cassette formats.
