Americas New Allies: Central-Eastern Europe and The Transatlantic Link

by Janusz Bugajski Ilona Teleki

Transatlantic relations refer to the historic, cultural, political, economic and social relations. Some are international issues such as the Middle East peace process where the United States and Europe were the main players. The early relationship between Europe and America was based on colonialism. Further information: Atlantic Charter and Allies of WWII. NATO - Declassified: A short history of NATO.
