Continuing the Revolution: The Political Thought of Mao by John Bryan Starr

The major themes of the book are:

1. The political thought of Mao: How state enumeration spoiled Mao's last revolution.
2. The political order in East Asian societies.
4. Ethnic struggle as one of Mao Zedong's political theories.
5. The amalgamation of Maos two separate theories of revolution.
6. The centrality of the political thought of Mao.
7. The political upheaval that was the most profound.
8. The political upheaval that was exemplified by the theory of continuing revolution.
9. The political upheaval that was the manifestation of the Chinese Revolution.
10. The political upheaval that was the manifestation of the Thought of Mao.

The book explores the historical context, the political thought, and the impact of Mao's political theories on China and the world.
