Community gardens - What Works for Health 29 Mar 2012

Community gardening involves cultivating people and relationships, as well as the soil. That will help you create a successful community garden.

Cities and towns engage in lots of risky business (parks, sports fields, public events, etc.). You can contact your local UGA Cooperative Extension office for more information.

Community Compost Cooperative Network uses bins designed by Urban Farm Plans to allow trained community members to compost food waste from DPR and partner DPR gardens to responsibly create high quality compost.
