U.S Marine Corps - Holland Smith - WikiVisually The United States in the First World War has 4 ratings and 0 reviews. This acclaimed encyclopedia provides an invaluable reference source on topics ranging from America's role in World War I to the political, social, and economic changes that occurred in the United States during and after the war. It covers a wide range of topics, including military operations, domestic affairs, and international relations. The material is presented in an accessible and engaging manner, making it suitable for both general readers and students. The encyclopedia is divided into several parts, each covering a specific aspect of the war. The first part, for example, focuses on the military strategies and tactics used by both the United States and its allies. The second part examines the home front, detailing the impact of the war on American society. The third part covers the international aspects of the war, looking at the role of the United States in global politics and diplomacy. Finally, the fourth part explores the war's enduring legacy, discussing its impact on American culture and politics. Overall, this encyclopedia is an excellent resource for anyone interested in gaining a deeper understanding of World War I and its effects on the United States.
