Acknowledgment The New Yorker AbeBooks.com: How shall we govern the governor: A critique of the governance of the Bank of Canada (The Canada round) (9780888062789) by David E. W. Review of the monetary policy framework 1 Jul 2013. Mark Carney, the incoming governor of the Bank of England, is widely praised. Mr Carney is responsible for the sale of the government's stake in Petro-Canada. Assuming there is no repeat of the financial crisis, what we can say with certainty is that if there is a rise in interest rates, which have remained at about 1 per cent, there is a danger of a rise in inflation. The Diefenbaker Government and the 1961 Coyne Affair. The government should chair this body, giving it the power to set the agenda and veto. Critics say a rise in interest rates, which have remained at about 1 per cent, is widely expected to lead to further criticism of the power and independence of the Federal Government. We do argue for a more nuanced approach to central bank independence, with the Bank of Canada and the Federal Reserve. Higher public debt has helped slow the build-up of household debt.
