The Lessons Of History

by Michael Howard

The Lessons of History is the result of a lifetime of research from Pulitzer Prize–winning historians Will and Ariel Durant. The Lessons of History is a unique account of the major events of the world through history, from ancient civilizations to the modern era. The lessons of history are lessons about the human condition, and they are lessons that we should learn if we want to avoid repeating the mistakes of the past. The book is divided into several parts, each covering a different era of history. Each part includes a summary of the key events and figures of that time period, as well as an analysis of the lessons that can be learned from those events. The Lessons of History is a thought-provoking and enlightening book that will help readers understand the complex events of history and the lessons that can be learned from them.
